

# Post-Graduate Certificate Program in Infant-Parent Mental Health

*Now accepting applications for  
2010-2011 Boston program*

Please join our highly acclaimed program advancing the quality of mental health services for infants and young children in the context of their earliest relationships. Interdisciplinary Fellows spend 10 intensive, interactive weekends learning from world luminaries and local experts in Infant-Parent Mental Health:

**Ed Tronick (Chief Faculty), Dan Siegel, Charles Zeanah, Bruce Perry, Peter Fonagy, Tiffany Field, George Downing, Lynn Murray, Peter Cooper, Barry Lester, Gerald Stechler, Kevin Nugent, Connie Lillas, Marjorie Beeghly, Joy Osofsky, Alice Carter, Joyce Maguire Pavao with Core Faculty: Alexandra Harrison, Marilyn Davillier and Dorothy Richardson**

Comprehensive training in infant and early childhood mental health research and theory, assessment and intervention modalities, including:

- Neurodevelopmental models of risk and resilience
- Effects of trauma on early relationships and early brain development
- Up-to-date research and practice with autism spectrum disorders, infant regulatory disorders, early childhood mood and behavior problems, postpartum mood disorders and more
- Therapeutic interventions with infants, young children and families
- Infant and early childhood assessment tools and measures
- Reflective supervision and facilitated integration of course material with individuals' practice
